Assistant Superintendent  
for Instruction and School Improvement

Dear Parent or Guardian:

The North Rose-Wolcott Central School District has been selected to participate in the 2023 Evalumetrics Youth Survey. This survey of 4<sup>th</sup>, 6<sup>th</sup>, 8<sup>th</sup>, 10<sup>th</sup> and 12<sup>th</sup> graders is designed to improve our understanding of the risk and protective factors impacting the environment around our young people. The survey is sponsored by the Finger Lakes Community Schools. Survey results will be used to enhance prevention strategies and help maintain and improve youth development efforts.

The following are facts about the survey:

1. It is totally **voluntary**. Your child does not have to participate. Neither you nor your child need to give a reason for not participating. Students are not required to answer any or all questions, only those that they want to answer.
2. It is **anonymous**. The survey is designed to protect your child's and your school's privacy. No names or any other identifying information will ever be recorded. All the surveys are carefully protected.
3. The School District and Finger Lakes Community Schools will use the survey results to plan better prevention efforts and services for youth.
4. The Evalumetrics Youth Survey has been scientifically tested and is valid and reliable. Originally developed in 1995, it has been given to over 100,000 students in schools across the New York without difficulty.

A copy of the survey is available for review upon request. You may e-mail or call Laurie Elliott at [lelliott@nrwcs.org](mailto:lelliott@nrwcs.org) or call 315 594-5567.

This memo is a standard notification and form of passive consent. Only respond if you **do not want your child to participate**. To exempt your child, please call or email by January 25<sup>th</sup>, 2023.

Thanks for your help. This survey is an important part of a community effort to keep our children healthy and safe.

Sincerely,

Laurie Elliott  
Community Schools Administrator
